Thanks

Thank you for choosing The Bank of Sun.

Quick Start

The Bank of the Sun pride themselves in making sure our clients needs are always met. The Bank of the Sun online app looks different from previous versions , so we created this guide to help minimize the learning curve. What is important to note is that we tasked the designers and software developers to understand that our clients always comes first, therefore if you feel the need to contact us regarding any issues you have for this documentation please feel free to email us at sunbank@bank.co.za. We are delighted to have been partners with Control Alt Elite developers who also take on a similar motto and philosophy in that the creation of complexity should be controlled in a user friendly way.

Overview

The Bank of the Sun is an online application intended for easy use and a modern look. After a successful log in the users will be able to gain access to the banking application. Thereafter, they will be able access the banking portal which includes a business profile.

Requirements

Constraints

- The application will not be accessible in environments that do not have internet access.
- The IT developer must update the application in cases where new features are introduced or a new software is applied.
- Since technology is always evolving, the software of the app must be modified to be compatible at all times.
- The user will need to register first, in order to make use of the banking application.

Functional Requirements

| REQUIREMENT | DESCRIPTION |
|--------------------|--|
| Stress | The online banking application will be used by a number of people including students, elders and adults. |
| Response-Time | The speed will depend on the area. The internet and WiFi connection will also influence the speed. |
| Usability | The online banking application should be able to work on mobile and Personal Computers. |
| Security | The online banking application will include try and catches and monitored by specialists. |
| Volume and Storage | The system will be able support on all updated browsers. |
| Configuration | The online banking application should be able to work |
| Compatibility | The application will work when internet is available. |

General Information

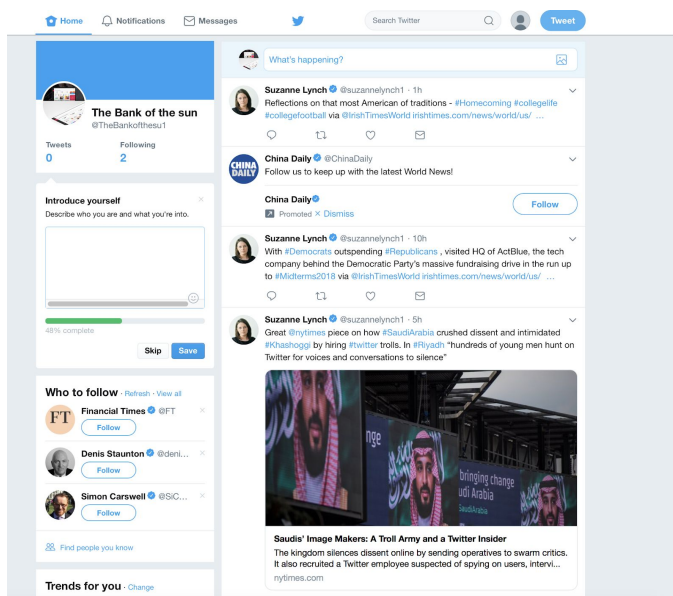

- **Forget password:** Clients will be able to reactivate their password.
- **Navigation:** A search bar/filter will make finding important keywords easier.
- **Username:** The user will be allocated a username.
- **Password:** The user will be able to create/his her own password.
- **Technical problems:** Contact Us page and About page will be available for issues.

Pages and Functionality

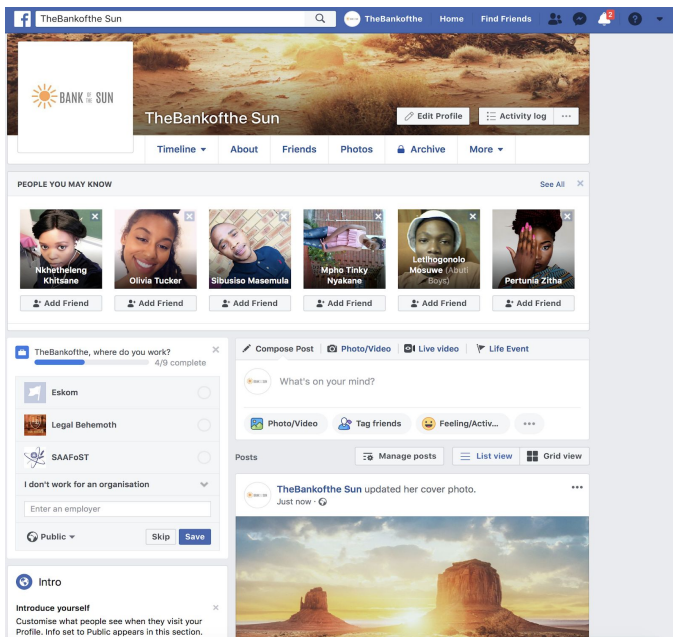

This navigation link works well with the online banking setting in that the user is allowed to see the options they have when they are on any page. Below the login page the user can become familiar with the experiences of the bank through the use of social media. The social media links to The Bank of Sun are as follows:

Twitter Account: <https://twitter.com/BankoftheSun1>

Facebook Account: <https://www.facebook.com/thebankofthesun>

This page was created for simple use of adding payment amounts, beneficiary names, bank type, proof of payments and account types. The beneficiary account number was placed at the left lower position for a user friendly experience. After all the information is submitted, the “submit button” or “Cancel” can be selected to either continue with the payment or abort the mission.

Contact us Page

The background of the page is a scenic landscape featuring rolling hills and a vineyard in the foreground. Overlaid on this background is a contact form and a map.

Contact Form:

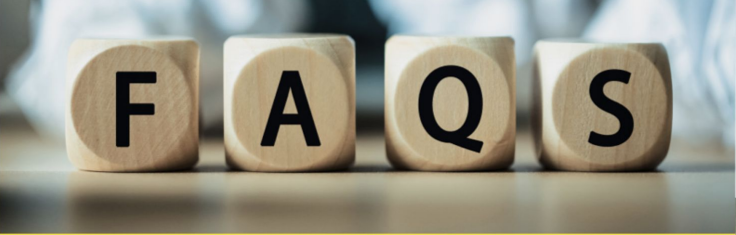

-
-
-

Map:

The map is a satellite view of Stellenbosch, South Africa. A red pin marks the location of the **Neelsie Student Centre**. A white information box for this location is open, showing the address: **Stellenbosch Central, Stellenbosch, 7600, South Africa**. The box also includes links for **Directions** and **Save**, and a link to **View larger map**. Other visible landmarks on the map include the **Stellenbosch Provincial Hospital**, **Stellenbosch University Museum**, and **Stellenbosch University Botanical Garden**. Street names like **Banghoek Rd**, **Merriman Ave**, and **Victoria St** are also visible.

The contact page was inserted with the map. These two features show that the bank cares for their clients and that their safety and care is at the forefront of the bank's philosophy. The user can zoom into the map to find us. The client can also "ask for help" and submit the question to be answered promptly.

Frequently Asked Questions(FAQs)

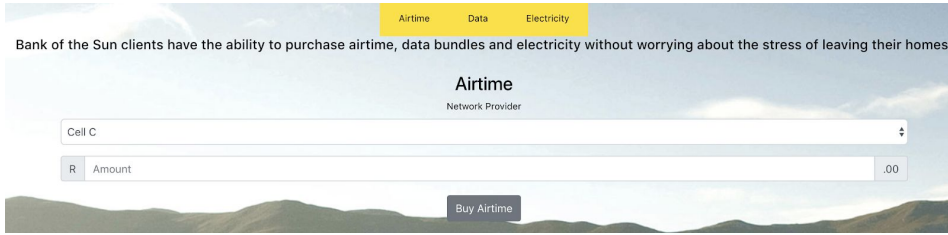

FREQUENTLY ASKED QUESTIONS

| |
|---|
| What are the benefits of the Internet Banking service? |
| <ul style="list-style-type: none">•It is a simple, convenient and timely way to access and transact on your account.•The elimination of the manual process of requesting the transfer of funds. |
| Is Internet Banking available 24 hours a day? |
| No, it will only be available from 7am until 4pm, Monday to Friday. |
| What if I forget my PIN? |
| Your PIN does not expire but you can change it on any digital banking device whenever you wish. We recommend that you change your PIN regularly. |
| What type of beneficiaries can be added online? |
| <p>You may add any beneficiary to your profile once you have additionally authenticated yourself via an SMS reference number.</p> <p>The following beneficiaries may be added to your profile:</p> <ul style="list-style-type: none">• Beneficiaries with other South African bank accounts<ul style="list-style-type: none">• Bank of the Sun accounts• Approved Beneficiaries*• Credit Card/Debit Card accounts <p>*An "approved beneficiary" is a company or institution with which The Bank of the Sun has a special payment agreement for your convenience (e.g. Telkom). When paying an "approved beneficiary", you don't need the beneficiary's banking details.</p> |
| Can I link new beneficiaries over the telephone whilst speaking to the consultant? |
| Yes. You may instruct the consultant to add any beneficiary to your profile, however you will be required to provide the consultant with the SMS reference number in order to authorise the consultant to proceed with the transaction |

This page was coalesced with questions clients and users for online banking applications. Here the viewer can save their time by stepping into this page without any physical conversations with consultants and the Contact Us page.

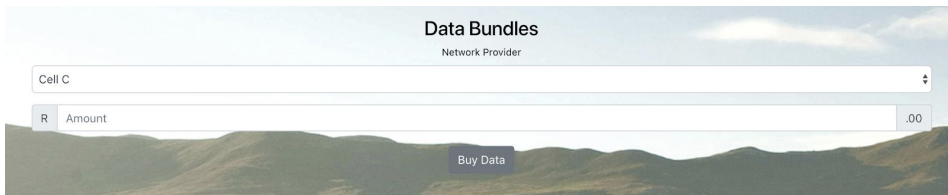

Prepaid & Utilities

The purchasing of airtime allows the user to select their preferences regarding their networks. Thereafter, they can select an amount in Rands and submit this data through the “Buy Airtime” button.

The purchasing of electricity allows the user to select their preferences regarding their meters . Thereafter, they can select an amount in Rands and submit this data through the “Buy Electricity” button.

The Data Bundles section is a must in every online application. The user again can enter their amount and buy their data just like the previous options and submissions.

When exiting the application. The user will return to the view of Stellenbosch's mountain area where they can decide to either enter the application or move on to do a different task elsewhere.
